Current Prices

Grade	Breakfast	Lunch	Milk
K-4	\$1.25	\$2.50	0.45
5-8	\$1.25	\$2.75	0.45
9-12	\$1.25	\$3.00	0.45

5-8	\$1.25	\$2.85	0.50

DRAFT

2017-218 One Run System

23 Runs

Up to 30 minutes Grades K-4 8:45 – 3:15

Up to 45 minutes Grades 5-12 8:15 – 3:00

At least two additional drivers

Rather than buy three new buses we would lease 6

Superintendent Morse will get the budget impact numbers to the Board at the next meeting.

Thinks that this model could work

They asked parents in the registration material how kids will get to school: 71% of parents responded.

1,051 students take the bus in the morning

1,065 students take the bus after school

This model was based 1,275 students.

It was discussed how many would take the bus with the potential new start times.

There was a discussion on using a central drop off. Potentially using the church on Route 108.

This year the school bus routes will have a lot of road construction. They have had to rework the bus routes and will have 19 very full bus routes.

Draft 2016-17 School Board Goals

Superintendent Morse and the Leadership Administrative Team met to discuss the Board's feedback for the 2016-2017 School Board goals.

1. Develop a communication strategy that engages the community in a dialogue on key issues (goals 2-6 below)
2. Middle School Facility – Inform and engage in a dialogue with parents and School Board

3. Competency reporting and implementation at MS and HS
4. Expand World Language Program in Grades 5-12
5. School Start Time – Engage the community in the discussion
6. Outline 2016-2017 Wellness/Mental Health approach

We developed a communication protocol which we could then apply to each goal.

Goal 1: Oyster River Communication Protocol/Strategy

The intent of this protocol is to act as a template to facilitate the sharing of various initiatives that emphasize engagement and that improve the possibility that ideas are well vetted throughout SAU 5 with the ultimate goal of improvement of those ideas/initiatives.

Effective Communication as applied to District and building or department goals will require various approaches tailored to the intended outcome.

This protocol is intended to assist the communication committee and staff in making decisions as to how to communicate on various issues via a series of prompts.

1. Define issues to be communicated
2. Define the intended audience. Choose as many as appropriate
3. Determine the best methods of communications. Use as many as needed to effectively communicate message
