IV. ANNOUNCEMENTS and COMMENDATIONS

A. District: Todd Allen of the High School distributed a copy of the Mouth of the River to each School Board member. This is an exceptional edition. He encouraged everyone to read it. He also thanked the custodial staff for all their hard work with the recent snow storms.

Dennis Harrington of Moharimet also commended the custodial staff for all their efforts. It is really appreciated. He also recognized the PTO for the Winter Carnival. It was a great time.

Carrie Vaich of Mast Way reported that they took part in the nationwide kindness challenge and the kids did a great job. Thursday evening will be the PTO meeting and she welcomed everyone to join them. Read Across America will be next week.

Board: Kenny Rotner recognized Wendy DiFruscio for all her hard work that she does. He would like a presentation that details nuances of the budget process. This would include an explanation of the formula that divides the budget among the three towns and how state funding is derived, how Durham's TIF influences the aforementioned formula and what Durham's considerable new development will do to tax rates in the towns. Kenny was concerned how the picking up of middle school students by parents spills out into the community. The idling of cars and the decreased usage of the bus service are both against our sustainability priorities. He thought it important to understand why this is occurring.

Maria Barth commended everyone involved in the mental health curriculum in the District.

V. DISTRICT REPORTS

Superintendent's Report: Superintendent Morse reported that there is a snow removal plan for the roofs of the schools.

Budget Update: Sue Caswell reviewed the current budget to date. Superintendent Morse added that they are running a tight budget at this point.

Maria Barth is very concerned about the tire crumb rubber that is proposed in the field proposal. The Board discussed looking at alternatives that are available for the same proposed funding.
