EMERGENCY CARE AND FIRST AID

The Oyster River Cooperative School Superintendent, in consultation with school health personnel, will ensure that procedures are implemented in the schools to provide for emergency care and first aid for students, school staff and visitors who are injured or become ill at school.

Appropriate staff will receive an orientation regarding the District's emergency care and first aid procedures, and each school will have designated staff who have received first aid and CPR training. Emergency cards will be maintained for all students.

Minor injuries and illnesses should be referred to the school nurse or other designated school staff for treatment. Treatment will be provided within the school in accordance with applicable laws and Board policies. In the event of a serious injury or illness, the individual may be transported to a health facility.

Parents will be informed when their child is injured or becomes ill at school, and appropriate records will be kept by the school nurse.
