ADVANCED COURSE WORK/ADVANCED PLACEMENT COURSES

Any student who wishes to do advanced course work or take advanced placement classes while in high school should be permitted to do so provided they meet the pre-requisites. Oyster River Cooperative School District administrators and school counselors will provide assistance to students who wish to enroll in such courses. If advanced course work or advanced placement courses are not available within the school district, administrators or school counselors are instructed to assist students in identifying alternative means of taking such classes. These means may include taking courses at a different public school or a private school, or through distance education courses, community college, university course or other suitable means.

Credit may be given, provided the course comports with applicable District policies and state standards. The District will not be responsible for any tuition, fees, or other associated costs incurred by the student for enrollment in such courses unless approved by the superintendent in advance and budgeted for by the School Board.

High School and Career Technical Education Center students in grades 11 and 12 may participate in the Dual and Concurrent Enrollment Program, through which a student may earn both High School and College credits by enrolling in a course designated by the Community College System of New Hampshire (CCSNH) as part of the dual and concurrent enrollment program. The Superintendent shall designate a point or points of contact for the program who can provide for student counseling, support services, course scheduling, managing course forms and student registration, program evaluation, course transferability, and assisting with online courses. The Superintendent or his/her designee(s) shall meet regulations for the program
